C&C - Elite Brass and Silver Service

This is C&C's recommended brass service and ultimate cleaning process that includes: Complete disassembly (of normal working parts) and chemical cleaning of all parts. Replacement of all felts and water key corks. Mechanical brushing out of all tubes and slides. Hand polishing of silver instruments and parts. Removal of accessible bell dents. Soldering of up to 2 points and extracting one frozen slide. Repairing of minor valve problems. Reassembly and lubrication of all parts. Setting of port alignment. Straightening and alignment of hand slide tubes (trombone only). Leveling of spatula keys (rotary instruments only). Play testing of instrument. 90 day guarantee on the playability of the instrument under normal usage. *****This service will put most brass instruments into good playing condition. However, some instruments with extensive damage may receive extra charges based on condition, parts, and time required.*****
