C&C - Standard Brass Service

This is C&C's standard brass service and this cleaning process includes: Complete disassembly (of normal working parts) and chemical cleaning of all parts. Replacement of necessary felts and water key corks. Soldering of up to 2 points or extracting one frozen slide. Reassembly and lubrication of all parts. Setting of port alignment. Straightening and alignment of hand slide tubes (trombone only). Leveling of spatula keys (rotary instruments only). Play testing of instrument. 30 day guarantee on the playability of instrument under normal usage. ***Some instruments with extensive damage may receive extra charges based on condition, parts, and time required.***
